Complete Champions are the Masters of Fast Learn their **SECRETS**

Complete Champion Motivation: *The Power of Peoples Inner Drive*

What would it be like to behave like a champion? You will learn that your personal choices, and being accountable, will determine how often you celebrate as a champion on the *Victory Podium*. Champion motor sports teams achieve performance levels at the limits of their financial, technological and human potential. You will learn how to be a leader in what human potential can achieve and how to sustain levels of performance that competitors are unable to match. Derek uses powerful, real-life sports analogies in a unique, compelling and often hilarious manner that leaves audiences in awe.

Complete Champion Leadership: *How Fast Can You Get Fast?*

If the speed of doing business will continue to increase in the next 10 years, ask yourself, *How Fast can we get Fast?* Derek shows you that *Fast* is having the right people in the right places doing the right things, but more importantly, removing the speed bumps that slow them down. You will understand that team success in Formula One and at the Indy 500 requires a portfolio of leaders throughout the organization who are willing to accept the responsibilities of leadership regardless of their formal authority. You will further learn that the power of great leaders in motor sports is when they disbelieve in the sustainability of their own performance. Seldom have sports analogies been used in a more compelling fashion. This module has energized both male and female audiences from California to the Czech Republic.

Complete Champion Innovation: *Driving to the Limits of Possibility*

The world's great motor sports teams live convinced that they will be beaten tomorrow. They combat this with a culture of innovation. Derek takes you down the success road to understand that innovation is the enduring driver and mindset of the motor sports industry and you will learn how that same culture can help you greatly. You will learn how innovation helps achieve performance at the limits of possibility and why corporations struggle to emulate this valuable skill. The critical point of innovation is not just creating new products but finding new ways of doing things that may improve both the efficiency and effectiveness of processes. This module resonates deep into the fiber of organizations that want to live on the leading edge of what might be possible.

Complete Champion Teams: *How to AccSELLerate your Team*

What choices do champion Teams make that helps them achieve greatness? Whether they buy or sell, take a riveting drive down the learning lane and understand how your team can make critical performance gains by edging more towards their personal margins and boundaries. You will learn the importance of formal structures of large organizations and how communication, aligned with an informal structure, can carry the business forward when faced with tight deadlines. The Victory Podium awaits those who learn the habits, skills, vocabulary and attitude of the champion teams. Enter his presentation an individual; leave as a teammate and *AccSELLerate*.
